## About Me

My self Harsh Dinesh Waghela, currently pursuing bachelor degree in Computer Science, eager to apply coursework knowledge in web development. Proficient in programming languages such as HTML, CSS, PYTHON, MYSQL and JAVA SCRIPT with a strong foundation. Enthusiastic about learning and contributing to innovative projects while gaining real-world experience in the tech industry.

## Professional Experience

*I have made a mini project like website which has blog of reviewing the Tech products. As I have mentioned above I am fresher and I am in the first year of my computer science degree so this is my first professional experience.*
